## ALABIAN SOLUTIONS

...looped into technology

Our solutions are driven by a constant interaction between Technology, Design, Marketing, Training and Vision to add value to your BUSINESS.

## About Us

Alabian Solutions Limited is an integrated web technology solution provision firm based in Lagos with expertise in web technology, and digital marketing. Since inception in 2010 we have been involved in extensive research and development of solutions suited to various business sectors. We also provide corporate and retail training in web technology, digital marketing, data analysis and digital design. Owned and staffed by seasoned tech professionals with proven experience.

We combine our expertise in the different area of web technology in providing our client with a solution that represents their organization or idea in the cyberspace. And we do this within project budget and deadline.

We have proficiency in various technologies and methodologies spanning programming languages, design tools, database languages etc. Yet, we know it is not all about the code when it comes to business looking for technology solution. That made us not to just be techie but web geek with business skills, we are Digital Strategy Consultant. Our consultants advise you from the logo creation, design template, content development, search engine optimization, domain name and hosting to website analytics.

We have business relationship with over 100 clients spanning various sectors including:

Financial Services	Oil & Gas	Healthcare
Education	Public Sector	Consulting
Insurance	Retail	Real Estate

We pride ourselves in our ability to deliver solutions that drive business for our clients and ensure they meet their set goals. With our in depth understanding of technology combined with a wide knowledge of process engineering we also offer consulting services, e-learning and e-commerce.
